Steel Vertical Roll Gripper/Rotator 72 In. Raised Height 800 Lb. Capacity Black/Yellow

MODEL S-MU-VRGR-72

Drum Handling Equipment / Fully Powered Vertical Gripper/Rotator

PRODUCT OVERVIEW

A vertical roll gripper/rotator is perfect for the manufacturing and distributing industries. A walk behind design with a single handle control makes maneuvering into the desired position easy. The compact design allows the unit to get into small areas where other lifting devices can't reach. A robust lifting capacity lets users transfer more rolls in fewer trips, maximizing efficiency. Long term battery charge allows for constant daily use without needless downtime. Powder coated finish for added baked in toughness.

KEY FEATURES

- Expansive lift height for use in an array of areas
- Battery powered for consistent use
- Secure grip during positioning
- Full controls on handle and around steering area
